Chapter 1 by R

i can remember back when i
wrote all the words i see you writing
now
back then i thought that i
had all the answers
but
can't you see it now
the world has led me
to understand that i was
never any better than
those who i kept dissing on

why can't the princess be the ruler
why does she have to be
the rebel or
the beauty queen

and girls full of hope and of wit

i still like those stories

but now all the princesses

understand their role a bit

i mean when you hold power, power holds you

and sometimes the best path isn't best for you

at one point i stopped all the fantasies

cause i didn't need them to believe

i wrote a story

a really nice story

where the princess saves her prince

but the prince is a pauper

who fights just for honor

and the princess, well, she is

a genius, a strategist, a sword wielding maniac

a fashionable, dangerous, studious girl

who built up a kingdom

and held up a crown

and understood that her choices affected more than herself

maybe

maybe

i still wish

that i could have remained

such an idealist

but there's something

i love

about stories that are

i
don't
know

Chapter 2 by Ria ✎

Once upon a time
there was a
Princess.

She was a dreamer
a dancer with a
warrior's heart in
lace dresses

Once upon a time
there was a
Princess
and she
chose

not poorly but truly
not well but enough

turned a gilded cage
into a gilded kingdom

With
the pauper
the knight
the witch
and

the lost soul

who reached to
find a journey
toward their world
